This seminar will be an interactive discussion around the leading cause of property insurance claims – water damage. Water damage can result in expensive clean up and repair bills; some of these losses are covered under residential policies and others are not. Our speaker will discuss:

- Origin and cause of water losses
- Coverage: definitions, exclusions and limitations
- Scope of damage: urgency to remove water, moisture and contaminated material
- Subrogation and salvage
- Communication channels: keeping everyone in the loop

Who should attend?

Brokers, underwriters, adjusters, insurers and restoration companies all impact the mitigation of water damage losses; all are encouraged to contribute to this discussion.

Speaker: *Walter Tingley, CIP – Crawford & Company*

Walter started his career as a telephone adjuster over 30 years ago for a national insurer. He has held positions of automobile appraiser, BI adjuster, property adjuster, supervisor and manager. He is currently branch manager at Crawford and Company.
