Take control of managing payroll.

Step up your payroll management game with:

- User roles you control so your team accesses only what they need to.
- Custom reports and filtering options to see the details you want, when you want.
- Effective dating for mid-cycle wage changes to tax rates, remittance frequencies and employee statuses.
- Payroll and year-to-date adjustments at your fingertips, ensuring your records are always up to date.

So long, math stress!

Lower the risk of costly mistakes with automated calculations for:

- Incomes — Overtime, bonuses, commissions, stat holiday pay and more.
- Deductions — Savings plan contributions, health insurance and more.
- Benefits — Medical, dental, life insurance and more.
- Paid time off — Public holidays, vacation, sick time and more.
- Workers' Compensation (WCB/WSIB).

Get back to doing literally anything else.

We'll focus on the payroll so you can focus on your small business, knowing:

- Everyone has been paid accurately and on time.
- Your business is compliant with its taxes.
- You're on top of payroll deadlines with a custom payroll calendar.
- Your time can be spent doing the things you love most (aka not payroll)!

"My payroll is done every other Sunday evening and does not take any longer than five minutes. Enter your employees' hours and Wagepoint does everything else. It's amazing!"

About Wagepoint

Founded in 2012, Wagepoint is a small-but-mighty fintech company on a mission to simplify payroll – and maybe even dare to make it delightful! Backed by the world's friendliest team, our online software was created just for small businesses, automating the most “ugh” parts of payroll – like calculating wages and reporting on taxes – so that our customers can get back to doing literally anything else.
